Dear Betty and Charlie,

It was very nice to hear from you, with reminiscences of past family music involvement. We had a successful 2nd annual Winter Musicale at our home on March 4, as indicated in the invitation reproduced below. The music began with an attempt by me to play a harmonica piece accompanied by our peek-a-poo dog howling along. Barbara sang, Mischa played a difficult flute piece accompanied on piano by the Prairie Society member who accompanies our choir, and Robin played an original piano piece which he had composed for the occasion, and gave us computer generated printout of the score! The flute piece was the one Mischa performed on Feb. 11 at the regional Wisconsin School Music Association competition. In that competition he also played a flute duet with the girl he regards as the best flute player in his sophomore class at West High School. Both pieces received the top scores from the judges, qualifying him for the statewide competition in May.

The Musicale would have been on Feb. 11 (my birthday) but there was a concert by Sotavento we had to go to that evening. They are a Madison group which plays Andean and other Latin American music. Their percussionist works in my bureau at the Wisconsin Dept. of Natural Resources. Last year the first chair flute player with the Madison Symphony began playing with them and this was their first concert with her and a cello player with the Green Bay Symphony. Mischa had just attended a masters class lead in part by this flute player, and he and two other flute players from his high school joined us at the concert, held at the University.
